

Building Examples & Aerial Perspective

St. Giles Close

We are proposing 4 new houses on the St. Giles Close site. The homes consist of two bedroom family houses and are designed to meet national space standards.

We would like to know which building examples you prefer and what your thoughts are on the proposed development.

Why not use our feedback form to let us know your thoughts?

Building Options

Semi Detached Form

What do you think?

Brickwork detailing & contrasting materials

Solar Panels & Slate Roof

Gables

Good sized windows
